

# Corian® in your Kitchen

For decades, Corian® Solid Surface has provided the ideal solution for every space in the home. Visual beauty and durability, daily functionality and design versatility, cleanability and hygiene are all built into its very nature.

## SUSTAINABLE

As a low-VOC material, Corian® Solid Surface is free from dangerous chemicals, hence supports better indoor air quality. A selection of colours contain between 6% and 14% recycled material and our manufacturing facilities are zero waste to landfill.

*For spaces with minimum impact on human health and the environment.*

Worktop in Corian® Solid Surface **ARTISTA CANVAS** (Colour with 6% Pre-Consumer Recycled Acrylic Content).

Worktops in Corian® Solid Surface CARRARA CREMA and Corian® Spicy sinks in Cameo White colour.

#### **SOFT&WARM**

Pleasant and smooth to the touch with its silk-like surface, adapting itself to the climate of the environment. The translucency of many colours play with the light to create fascinating installations.

*A unique feeling of sensorial touch and lighting effects for your design concepts!*

#### **EASY TO CLEAN AND HYGIENIC**

No place for bacteria and mould to take root, thanks to the nonporous surface and the inconspicuous seams. Marks and stains stay on the surface: they can be easily and quickly removed.

*Hygienic and reliable: when it looks clean it is actually clean!*

Worktop in Corian® Solid Surface **COSMOS PRIMA**.

#### REPAIRABLE

It withstands daily wear and tear, keeping its good look for many years. Scratches, chips and more serious damage can be easily mended on the spot, always without a trace.

*Easily brought back to its original mint condition!*

Worktop and splashback in Corian® Solid Surface **STONECREST SMOKE**.

#### **SEAMLESS**

It enables the seamless integration of multiple elements, enabling large installations featuring a fascinating monolithic look.

*The surface continuity simplifies cleaning, sanitising and routine maintenance.*

#### **DESIGN FREEDOM**

It can be moulded into 2D and 3D shapes meeting all design goals and fitting any available space.

*It can be shaped to meet any design and style requirement you might think of.  
No limits to the creativity for your projects!*
